MEDICINAL

Physicians are calling attention to the fact that influenza or grip has come to stay. In the larger cities there has been a marked increase in diseases affecting the organs of respiration, which increase is attributed to the prevalence of influenza. Persons who are recovering from grip or influenza are in a weak condition and peculiarly liable to pulmonary disease.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, lung "trouble" and other diseases of the organs of respiration. It is the best tonic medicine for those whose strength and vitality have been exhausted by an attack of grip. It purifies the blood, cleansing it of the poisonous accumulations which breed and feed disease. It gives increased activity to the blood-making glands, and so increases the supply of pure blood, rich with the red corpuscles of health.

"A word for your 'Golden Medical Discovery,'" writes Mrs. E. A. Bender, of Keene, Co. Ohio. "We have been using it as a family medicine for more than four years. As a cough remedy and blood-purifier there is nothing better, and after having the grip Dr. Pierce's Golden Medical Discovery is just the right medicine for a complete bracing up."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

ENGLISH PREACHER'S PROTEST.

R. C. Fillingham, Vicar of Hexton, England, has sent a letter to Bishop Potter saying that the rector and communicants of the Church of St. Mary the Virgin in New York are committing folly at their services in defiance of the intent and laws of the Protestant Episcopal Church. Mr. Fillingham, as a low-churchman, has criticised ritualists in his own country in the same candid manner on a number of occasions. He is visiting in this country at present and writes as follows:

"Fifth Avenue Hotel,
New York, June 22, 1903.

"Right Reverend Sir—I hope I shall not be credited with undue interference in the affairs of others if I address you on the subject of the scandalous and unlawful proceedings at the Church of St. Mary the Virgin, New York."

"I am a beneficed clergyman of the sister Church of England. I have been called upon by my countrymen to take a somewhat prominent part in opposing the ritualistic movement in our church. Several of my American friends have urged me to do something in the same cause here; so hope this may be my excuse for addressing you."

"I was present last Sunday morning at St. Mary the Virgin. That church is a congregation of the Protestant Episcopal Church—a body which solemnly denies any intention to depart from the Church of England in any essential point of doctrine, discipline or worship. The whole service was a flagrant defiance of Protestantism. The Church of England was reformed especially to get rid of the mass, but on Sunday morning what was openly and cynically termed high mass was performed. Vestments were worn, incense was burned, genuflections were made; and all these things are in flagrant defiance of the discipline of the English church; they are absolutely illegal. And the proceedings culminated in the elevation and adoration of the senseless elements of bread and wine—an act of idolatry, which, as our Prayer Book says, should be abhorred by all Christian men."

"Sir, the Articles of Religion, adopted by the whole Protestant Episcopal Church in 1801, describe masses as 'blasphemous fables and dangerous deceits.' Yet the rector of St. Mary the Virgin publicly celebrates the high mass, which he is pledged to disbelieve. 'I write to you, therefore, to solemnly urge the exercise of your episcopal authority in the matter of this glaring scandal. Surely you are not merely a Bishop in name; surely you have some power to enforce the laws of the church; surely the Protestant Episcopal Church in America is not 'the kingdom of chance and error.' I call upon you, as a ruler of the Protestant church to take steps to put an end to these scandalous and idolatrous proceedings."

"It has been my lot to protest publicly against idolatry in St. Paul's Cathedral, London, and elsewhere. I hope it may not be my duty, on my return to New York, to protest publicly, with a band of friends, against the idolatry practised by the rector of St. Mary the Virgin. But if nothing is done to excise this plague-spot, we may feel it our duty, by forcible action, to call the attention of the public to this matter. I am, Right Reverend Sir, your obedient servant,
"R. C. FILLINGHAM,
"Vicar of Hexton, England."

THE WILMINGTON LYNCHING.

Without any intimation of the radical action they proposed to take against the defiant lynchers of George White, the negro ravisher and murderer of 17-year old Helen Bishop, the Delaware authorities last night arrested Arthur Corwell, alleged to be one of the leaders of the mob that burned the negro at the stake Monday night. Corwell is a stranger in Wilmington, and is said to be from Baltimore. Against him is a charge of murder, and he is securely imprisoned in the police station. His arrest is a result of sweeping plan for wholesale arrests made by Attorney General Ward and astonished the community. Corwell lingered about Wilmington and was taken in custody by State Detective Francis in the evening. He was secretly conveyed to the police station, where nobody is allowed to see him, and he is not permitted to converse with anybody. Every policeman received instruction to remain absolutely reticent about the arrest. No information could be obtained about it until 10:15 o'clock last night, when Attorney Ward admitted that Corwell was in custody. As the charge alleged is a capital offense, it is not bailable. The swift and dire punishment meted out to the perpetrator of the terrible crime is the sole topic of conversation. Public sentiment appears to deplore the resort to mob violence, but the consensus of opinion is that summary vengeance alone could atone for the brutal outrage upon the life and honor of the young girl. It is said that State and city detectives were in the crowd Monday night and recognized some of those who participated in the burning. A meeting of preachers was held in Wilmington yesterday at which a resolution was passed expressing a sense of sorrow, indignation and shame of the lawlessness and anarchistic demonstration that has brought reproach upon the Commonwealth of Delaware.

DOUBLE ASSAULT BY NEGRO.—Two women, one white and the other colored, were assaulted and left for dead about three and a half miles east of East St. Louis yesterday afternoon, and a posse is looking for a negro described by one of its victims. If he should be captured it is believed there will be a lynching, for the double crime has caused great excitement and indignation among the farmers of the vicinity. One of the victims, Mrs. Annie Green, colored, aged 25 years, was clubbed about the head,

her skull fractured and left arm broken. Just before relapsing into unconsciousness she told of the assault and described a light-colored negro as her assailant. She was evidently the first victim of the man, who later appeared at the home of John Bruno, a farmer living between East St. Louis and Belleville, and committed the second crime. A brother of Miss Flora Bruno returned home and found his sister lying on her bed in an unconscious condition. Her skull was fractured, both arms were broken and she was suffering from other injuries. The young woman had been at home alone during the afternoon. She was her father's housekeeper. Young Bruno spread the alarm, and then the other assault became known. A posse was rapidly summoned, and the country is being searched for the guilty man.

A CHALLENGE TO DOWIE.—Elijah Dowie has been challenged to a curious contest. The challenger is Mirza Ghulam Ahmad, of Quidian, Punjab, India. "Come, thou, O self-styled prophet," says Mirza in his "defi." "Let us kneel on our knees in the dust of the earth, you and I together, and petition the Almighty that of us two whoever is the liar shall perish first." Elijah has not accepted the challenge, but neither has he declined it. He cannot afford to ignore it. The Review of Religions, published in Gurdaspur, India, through which the challenge is issued, says that Mirza is "the promised Messiah" sent "for the reformation of the world exactly at the time fixed by calculations based on biblical prophecies as the time of the advent of the Messiah," and he has a following of over 100,000 members, "rapidly growing." Mirza Ghulam Ahmad declares: "The proof that Dr. Dowie furnishes in support of his extravagant claims is the very height of absurdity. He claims to have healed hundreds of sick men. But why did his healing power fail in the case of his own beloved daughter, where it should have been exercised in the highest degree?"
